ADMISSION STEPS

For priority consideration, all application materials must be postmarked by January 31 for fall 2017 and November 15 for spring 2017.

You are a transfer student if you are not currently in high school and attended a college or university after your high school graduation (not including the summer immediately following your graduation). If all of your college work was completed while in high school, please use the Freshman Application.

Next Steps

1. Complete your application.

Applications are considered on the basis of the work completed and posted on your official transcript at the time of application.

2. Send your transcripts.

WSU requires official transcripts from every institution of higher education you have attended. Request that official, sealed transcripts from all colleges or universities you have attended be mailed directly to the Office of Admissions at the campus to which you are applying. You'll find addresses on the next page of the admission application form. You must report ALL colleges or universities you have attended, regardless of whether you wish to receive credit for work completed at those institutions.

3. Meet departmental admission requirements.

Once you are admitted to the University, you may need to meet additional requirements to be admitted to selected majors. Consult the online catalog at catalog.wsu.edu for specific departmental and program requirements. Some departments’ application deadlines are earlier than the University's priority deadlines listed on the cover. Please visit online at academics.wsu.edu for more information.

4. See how your credits transfer.

Become familiar with the University's Transfer Credit Search Tool located online at transfercredit.wsu.edu.

If you have completed a Direct Transfer Agreement (DTA) associate degree from a Washington community college, including a course pattern that approximates the University Common Requirements (UCORE) for graduation from Washington State University, you will be considered to have fulfilled the lower-division University Common Requirements for graduation and will generally be given junior standing.

For more information on transferable degree programs, go online to transfer.wsu.edu and click Transfer Your Credits then on Overview.
For Transfer Admission

This application has been specifically designed for undergraduate transfer students. You are a transfer student if you are not currently in high school and attended college or university after your high school graduation (not including the summer immediately following your graduation). If all your college work was completed during your high school experience, please use the Freshman Application. Please note, applicants can apply to only one WSU campus per application cycle.

If you plan to attend Washington State University with an international student visa, you should complete the international application. All applications can be found at apply.wsu.edu. Online applications preferred.
